LUBRICANTS

2023

WELCOME TO LUBSCO LTD

LUBSCO LTD is a trading house of lubricants that specializes in arranging exportation to any country. We pride ourselves on our ability to provide high-quality lubricants for a variety of industries, including automotive, marine, mining, transportation and industrial. Besides, to our exceptional products, we also offer competitive pricing and flexible shipping options to meet the unique needs of our clients.

A proper lubrication is of the outmost importance for a smooth operation of machinery and equipment. We strive to provide our clients with the best products available on the market. We understand the importance of timely delivery and work diligently to ensure that our products arrive on time and in an excellent condition. Our commitment to customer satisfaction is at the heart of everything we do, and we are always looking for ways to improve our services.

“Our vision is to become the first & best solution for our clients’ needs.”

Our team of experts is dedicated to ensure that our clients receive the best products and services possible. In addition, to our lubricant trading services, we also offer technical support and advice to our clients. Our team of experts can help our clients with product selection, application, and troubleshooting. We believe that by providing our clients with comprehensive support, we can help them achieve their goals and objectives.

WORLDWIDE SERVICE & NETWORK

Through our extensive network of suppliers, we can source the lubricants you require at any region.

We have two large warehouses in Rotterdam, The Netherlands and in Athens, Greece with ample stock, which means that we can fulfill your orders quickly and efficiently. We understand that time is of the essence when it comes to lubricants, and we strive to ensure that our clients receive their orders promptly.

However, we understand that sometimes you may require a custom lubricant blend that is not readily available in our stock or require a quantity that exceeds our current inventory. That is why we have partnered with third-party lubricant blending facility to provide you with the flexibility to place custom orders.

Our third-party blending facility are equipped with state-of-the-art technology and adhere to strict quality control standards to ensure that you receive a high-quality product that meets your expectations. We also ensure that all blends are thoroughly tested and approved before they are delivered to you.

We offer different delivery methods to cater to your specific needs. Whether you require a small shipment or a large order, we have the delivery options to suit your requirements, such as:

✓ truck	✓ airplane
✓ ship	✓ container
